*The champions from each fleet competed in Harbor 20's at the 2017 Centennial Regatta. This is the culmination of the 2016 sailing season at SBYC. Team Harteck came out of the gate hot and picked up two bullets while previous Centennial champion, Pat Toole of the J/70 fleet stumbled early on. However, Toole and Turley showed great consistency and after a few early mistakes, they began to run away with the event scoring four straight bullets in races 3-6. Speaking of bullets, Thomas Tunberg of the J/24 'Bullet' was a dark horse in the regatta consistently showing up in the top three and stealing a fifth bullet from the red team in a very close last race that gave him the 3rd place finish overall. Miller/Kelleway of the Harbor 20 fleet sailed very well in the event and only a heartbreaking last race kept them out of the top three. Wind was from the WSW at 5-10 knots all day long shifting left and right to make for some interesting racing. Some kelp patches frustrated the competitors later in the day, but cleared up by the last race. Results were posted live as boats finished and race commentation took place over VHF channel 69 by Carson Shevitz and PRO, Brad Schaupteter. Thank you to the Harbor 20 fleet for the generous donation of their boats and congratulations to all competitors on representing as each fleet's season champion.
