## 23 SAFETY

Boat Owners participating in SBYC racing events must accept responsibility for the suitability of their vessel for each event entered; taking into consideration the distance, worse case sea conditions, the design and sea worthiness of the vessel for those conditions. Boat owners are expected to maintain their vessels in a commensurate manner.

Boat owners accept the responsibility to provide all safety equipment required by the Coast Guard, and such additional safety equipment it deems advisable for the conditions reasonably expected to occur during the race.

Boat owners are encouraged to become knowledgeable with safety equipment and rescue procedures by familiarizing themselves with the recommendations of national (US Sailing) and / or international racing authorities (ISAF) including the US Sailing Safety Equipment Requirements as stated in <https://www.ussailing.org/competition/offshore/safety-information/ser-world-sailing-special-regulations/>. When local educational safety seminars are held, all boat owners are expected to attend to insure the highest level of safe racing knowledge.

Immediately prior to any race, the decision to race or not race is the sole responsibility of the boat owner or the owner's designee. At all times during a race, it is the boat owner's responsibility to continue or to retire based on unexpected conditions or equipment failure. Boat owners must advise crew members of their responsibility to decide for themselves whether to race or not based on their own competence level.

## 24 CREW / REPLACEMENT OF CREW

Crew taking the place of the boat owner at the helm of a boat for longer than a brief period of time, shall be listed on the boat entry form, by the boat owner (either online or paper entry form) as an Authorized Skipper. There must still be a SBYC member on board at all times as stated in rule 2.4. The CHRF committee may choose to not score or disqualify boats that are found to have broken this rule without a hearing. This changes RRS 63.1. [DP]

## 25 RISK STATEMENT

RRS 3 states: 'The responsibility for a boat's decision to participate in a race or to continue to race is hers alone.' By participating in this event each competitor agrees and acknowledges that sailing is a potentially dangerous activity with inherent risks. These risks include strong winds and rough seas, sudden changes in weather, failure of equipment, boat handling errors, poor seamanship by other boats, loss of balance on an unstable platform, and fatigue resulting in increased risk of injury. **Inherent in the sport of sailing is the risk of permanent, catastrophic injury or death by drowning, trauma, hypothermia or other causes.**

## 26 INSURANCE

Each participating boat shall be insured with valid third-party liability insurance. [DP]
